The Square Yard & HomerWood

Partner to Offer the Finest Hardwood Flooring!

Summit, NJ – July 14, 2008. *The Square Yard* is now offering Amish Hand-Scraped Flooring. Looking for a truly authentic distressed look to add heritage and history to your home? Then try our Hand-Scraped™ Collection from HomerWood!

This collection of Character Grade® flooring offers a truly authentic distressed look because it is hand-scraped by Pennsylvania Dutch craftsmen in the tradition of Renaissance-era woodworking. New planks are hand-sculpted, one at a time, to create unique custom flooring of timeless originality and distinction. Unlike most of today's machine-distressed flooring, no two planks are alike and each plank bears the signature of the proud craftsman who created it.

Our ¾" thick Amish Hand-Scraped™ solid flooring is offered in pre-finished and unfinished wood that includes Cherry, Hickory, Oak, and Black Walnut. Some species are specially-stained to further enhance and deepen the effect of the hand-scraping.

Beautiful homes deserve beautiful floors. At the Square Yard we let nature customize your floor. Our Character Grade® solid hardwood flooring contains both clear and character planks that reflect all the best attributes of the natural wood. The result is exquisite flooring with a smooth, satin finish that brings stylish elegance to every room! We are known as the place where quality matters.
